## COAL MERCHANTS

Approved Coal Merchant \*

Solid Fuels for Multi-Fuel Stoves & Open Fires

\* Full Range Of Smokeless Coal \* House Coal \*

\* Kiln Dried & Seasoned Logs \* Kindling Wood \* Charcoal & Much More

Dear Sir/Madam,

May 2017

Thank you for your continued custom.

## \* 2017 Fuel at 2014 prices\*

Last winter was slightly colder than the previous few years; hopefully your fire has kept you warm throughout. Winter 2017/18 looks to be one of the most uncertain in recent memory, not only due to the weather, but also with the whole economic world in an unfamiliar place it makes sense to stock up now before we leave the E.U. and also before any potential unrest that could result in oil/energy price increases.

We have a selection of fuels available for a number of appliances ranging from open fires, multi-fuel stoves to cookers, stoves and even good old barbeques. **New for 2017, we have an economy smokeless fuel, Excel, which has a high heat output and leaves less ash than some of the more premium fuels. We have had very good feedback from customers who use this on both open fires and multi fuel stoves.**

We are continuing to sell quantities of both seasoned and kiln dried logs for collection & delivery. We were very pleased with the good reports we had from customers, both on the quality of logs and being delivered via our small van & crane in bulk bags with waterproof cover, losing the necessity of rushing to get the logs in the dry before it rains.

We can supply logs in "barrow bags" if access is limited. If you can get a Wheelie bin there, we can put the logs there!

### PRICES WILL BE AT THEIR LOWEST FROM NOW UNTIL THE END OF JULY 2017

(There will be a small increase in price for Aug - Oct)

**Further discounts are available for fuel collected from our yard**

**Best discounts for quantities of 1000kg & over**

Payment can be made by cash, cheque or credit/debit cards, please get in touch for details. Should you have any questions or queries we will be happy to help. We look forward to hearing from you.

Many thanks,

**Alan Blackford**
