Summer Prices 2018

May 2018

Dear Sir/Madam,

Thank you for your continued custom.

It seems that the season for summer prices comes around quicker each year, and with spring appearing to have only arrived a couple of weeks ago it's already time to think about stocking up for the coming winter.

This summer is no different from the previous 80 plus years we've been in business, we'll have fuel at it's lowest prices of the year from May until the end of September (*the lowest prices will be for June*).

Along with our large selection of fuels suitable for open fires, multi-fuel stoves and cookers, we shall have large stocks of seasoned mixed hardwood logs. We have chestnut logs for **multi-fuel stoves only** (slightly cheaper than the mixed hard woods). We can deliver these logs in large 0.8m³ bulk bags that we can leave on your path, garden or driveway.

We can also deliver 0.3m³ barrow bags which are more manoeuvrable and can be wheeled along paths for storage where you need them. The general rule is that if you can put a wheelie bin there, we can put a barrow bag there!

So, be prepared for the coming winter and don't be caught out if we have another cold snap like the one we had in March, who'd have thought we'd have seen all that snow!

We are also open for fuel to be collected from our yard in Five Ash Down, Uckfield. During the summer we are open Monday to Friday and can be available on Saturday mornings by appointment.

It's always best to call before you travel just in case we're out delivering.

If you'd like to know any more info, we'd love to hear from you.

Many thanks,

Alan B
