## Summer Prices

May 2024

Dear Sir/Madam,

Thank you for your continued custom and hope you are keeping well.

We're pleased to be able to let you know that for the summer period (June-August) our fuels will be available at a discounted price.

Some fuels will have discounts of up to £85 per tonne compared to winter 2023/24. This is the largest summer reduction we've ever offered.

Solid fuel manufacturers are finally being able to follow the trend of other energy producers and see prices come down. But, with ever increasing uncertainty in the middle east and how international tension can send prices sky rocketing, it makes sense to stock up now and take advantage of the lower prices.

We saw in 2021/22 how quickly prices can increase (overnight in some cases) and then take months, if not years, to come back down.

As well as our large range of smokeless fuels we also have logs in bulk bags & barrow bags available along with bags of Organic Compost, Soil Conditioner & Fertile Mulch that has proved so popular. We now stock heating oil in 20 Ltr containers, ideal for keeping you from running out in between deliveries.

As ever, all products are available to be delivered\* or can be collected from our yard at a further discounted price.

Thank you for your support through recent times, it's very much appreciated.

Many thanks,

*Richard & Philip*

\* = There may be a minimum delivery amount depending on area/distance from our yard.

The Coal Depot, Cobdown Lane, Five Ash Down, Uckfield. TN22 3AR
